---

**Activity 1: Prepare a User Documentation Template (~ 1½ hours)**
Use the web and the user documentation material provided to you at the studio, to develop a User Documentation Template for use by your Assignment Group. Think carefully about the standards that you wish to adopt for your group.

**Activity 2: Review User Documentation Template (~ 30 minutes)**
Your assignment group will conduct a technical review on a User Documentation Template (not your own) to help understand the role of the technical review in improving quality.

**Activity 3: Assignment – Part 1 (~ 1 hour)**
Clarify case study information with Pre-school staff if required.
