IMS5330 Knowledge Management Systems Development

Week 8, Tutorial 7

Tutorial Topic

*KMS Blueprint: Developing the Strategy*

**Discussion Points:**
- Why is it helpful to consider KMS development as a lifecycle?
- What is the role of document management from a KMS perspective?
- Can the blueprint ignore document and records management?
- What is the role of organisational learning in the blueprint?
- How is communications facilitated in the blueprint?
- What are the major components included in the blueprint?
- What complements of a KMS are excluded?
- How are cultural aspects incorporated into the blueprint?
- What impact does the blueprint have on the KM Team?
